NOTIFICATION OF REASONS FOR REFUSAL

Number of Patent Application

Patent Application 2004-317789

Preparation Date November 25, 2004

Examiner of Patent Office Toru FURUICHI 3053 5G00

Agent for Patent Applicant Mr. Takeshi TAKAMATSU

(and 2 others)

Applied Articles of the Law Article 29 Paragraph 2

This application should be refused by the following reason.  
If there is an opinion about this, please submit Written Argument  
within 60 days from the mailing date of this notification.

REASON

The inventions which relate to the following claims in  
this application can not be patented under the provision of  
Article 29, Paragraph 2 of the Patent Law, since they could  
easily have been made, prior to the filing thereof, by a person

with ordinary skill in the art to which the inventions pertain, on the basis of an invention or inventions which were described in the following publications distributed in Japan or foreign countries prior to the filing thereof.

REMARK (As to cited references etc., see LIST OF CITED REFERENCES ETC.)

Claims: 1~3

Cited References: 1, 2

Comment:

The cited reference 1 describes (see, claims) a facsimile apparatus which temporarily stores a calling telephone number, and registers it in a one-touch or a shortened telephone number after completion of communication.

The cited reference 2 describes (see, column [0017]) a technology using an external storage device as a storage device of a telephone, and the technology is a well-known technology.

Then, it can be easily figured out by a person with ordinary skill in the art to apply the facsimile apparatus of the cited reference to a portable telephone which is a commonly used technology, and to add the well-known technology at the time of application in addition.

#### LIST OF CITED REFERENCES ETC.

1. JP-A-04-134967 publication

2. JP-A-10-304040 publication

In case that a reason for refusal is newly filed, the reason for refusal will be notified.
